

How to Publish a Jaycut Video for iPods and iPads

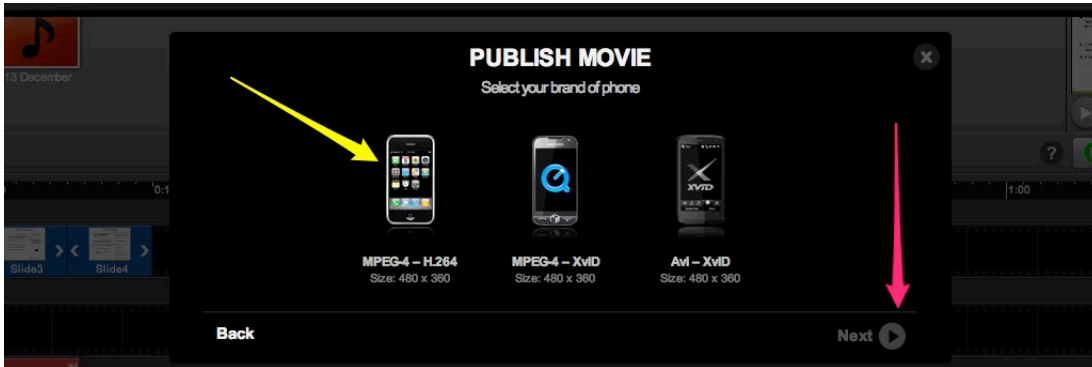

Step One: Choose the “Publish/Download” option on your screen. (See Yellow arrow on image below.)

Step Two: Click on the “Mobile Device” option. Don’t forget to click on “next.” (See arrows on image below. Pink Arrow point to “Next” Button)

Step Three: Choose the specific type of device and matching format. Don't forget to click "Next." (The Yellow arrow points to the selection for iPods and iPads.)

Step Four: Enter your email address in the space provided and click "Publish Movie." (See image below.)
